

**TERMS OF THE AGREEMENT / CONTRACT OF THE PURCHASE OF  
"METAL PLATE CONNECTED WOOD TRUSSES"**

**The purchaser of Metal Plate Connected Wood Trusses agree as follows:**

1. The purchaser of trusses and the truss facility, agree, that the delivery of trusses, either delivered to the ground or to the Plate Line, is considered a delivery method ONLY and not in any way to be considered a part of the Installation of the Trusses.
2. The purchaser of trusses and the truss facility, agree, that whomever shall nail girder trusses together, either the purchaser in the field, or the truss facility, will follow the instructions in the supplied engineering for the girder truss and also any minimum requirements of the Building Code.
3. The Truss Facility may provide truss hanger hardware to a truss purchaser, and if so, the Truss Purchaser and the Truss Facility, agree, that it is the purchaser's responsibility to obtain all proper design information and installation requirements for the hardware from the hardware manufacture.
4. The Truss Purchaser and the Truss Facility, Agree, that the truss facility will retain a copy of the entire project file, to include the agreement/ contract, engineering, invoice, and other proper documents for a period of no less than two years.
5. The purchaser of trusses agrees to reimburse the truss facility for any legal fees and court costs in any disagreement or legal cause that favors the Truss Facility.
6. The purchaser of trusses, and the truss facility, Agree, that the truss facility and their representative reserve the right to conduct field inspection(s) of the trusses when there are reported discrepancies and also allowed access for and needed repairs.

**Note\*\*\*** The purchaser agrees any repair will be completed during the construction phase. Any repair needed after closing in of the trusses are the responsibility of the truss purchaser.

7. The Truss Purchaser and Truss Facility, Agree, that the truss purchaser is responsible for any person that alters or cuts a truss and for the cost(s) for engineering and repair of the truss/ trusses.
8. The Truss Purchaser and the Truss Facility, Agree, that the Truss Facility reserves the right to reject and remove themselves from any proposal or contract that would include the requirement for Inspection other than our normal quarterly inspection, such as "Special Inspection".
9. The Truss Purchaser and the Truss Facility, Agree, that it is the responsibility of the Purchaser for the construction means, methods, techniques, sequences, procedures, programs, and safety in connection with the receipt, storage, handling, installation, restraining and bracing, both temporary and permanent, of the trusses.
